Medicated Bath

Nail trim

Groom by Forget Me Not (prior appointment necessary)

Vaccinations

Special Instructions/Other Treatments while boarding (use back if needed):

Boarding your pet can sometimes be a stressful situation. As a result of this stress, your pet may develop a gastrointestinal upset which can cause diarrhea and/or vomiting. If this condition arises, LRAH has my permission to treat my pet as deemed necessary by the doctors (Average cost for treatment \$35-\$50). All cats are required to be current on FVRCP and Rabies, and dogs current on RV, DHPP, and bordetella vaccinations or titers. If you choose not to vaccinate your pet you must sign a form releasing LRAH of liability. For non-emergency problems we will make every effort to contact you before treatment of your pet. For emergency situations you give LRAH the authorization to treat your pet as deemed necessary by the doctors before contacting you.
